SENATOR CLARK FOR CHAIRMAN

Preside Over Executive Committee.

Final Arrangement of Official Precedence for the New Railroad.

president of the San Pedro, Los Angeles
& Sait Lake, Senator William A. Clark
will be elected challenged. will be elected chairman of its executive committee when that committee is formed in New York City. The commit tee is made up of W. A. Clark, R. C. Kerens, E. H. Harriman and W. D. Cornish, and will be the supreme court of the road, as is the case on other systems. With Senator Clark at its head, he will occupy the highest office in the road, chirman of the executive committee as well as president, and although the line will be operated by the Western staff of officials the executive committee in New York will pass upon all the big financial questions and policies that may come up for future consideration.

SAN PEDRO TO EDMONTON.

through Connections Will Be Arranged the Coming Summer.

An unbroken line of railroad now ex-tends from Edmonton, Alberta, Canada, to San Pedro, Cal. U. S. A., passing through the Dominion of Canada, Mon-tana, Idaho, Utah, Nevada and Cali-fornia

through the Dominion of Canada, Montana, Idaho, Utah, Nevada and Callfornia.

This is the only North and South Trans-Continental line this side of the Mississippi river, and owing to that unique position, the traific department of the Salt Lake Route, the construction of which made the through line a possibility, will take cognizance of the fact as soon as through trains are established.

Through trains will be run to connect as closely as possible with those of the Oregon Short Line for Butte, and as an experiment through cars will be placed in service when it can be demonstrated how much traffic can be worked up between the Canadian city and the harbor of San Pedro. As the line will pass through Calgary, where it crosses the Canadian Pacific, also touching this road at McLeod and Lethbriuse, using the Great Northern Facific from Helena to Butte, it can be seen what a productive region it will traverse—a region just the reverse of that surrounding Los Angeles, and therefore reciprocal relations will surely be established.

The Short Line brings it through Idaho and here in Salt Lake the new road continues to the Pacific coast.

It has opened up a world of possibilities for the new line, and as the business will all be new it will not conflict with the Pacific coast traffic of the three Northern lines to the ocean. It will bring many people and much freight through this city.

GOULD COMING TO UTAH. Information Received Yesterday to

That Effect. Information was received yesterday that George J. Gould and party will visit Sait Lake immediately upon the completion of their tour of Mexico and the Missouri Pacific lines. He has not been here for more than a year, and as there are many things of the utmost importance which must come before him, it is possible that their wife with a filled set. ble that this visit will be filled with in-teresting news.

Railroad Notes.

The Salina cut-off is again talked. T. M. Schumacher will be home Monday. The railroads were loaded with colonists yesterday. Vice-Presidents Cornish and Bancroft

will be here Sunday.

The Rio Grande had over 600 incoming colonists yesterday en route to Califor-

The Short Line had a special train of eleven cars with colonists and household goods from Iowa to Payette, Ida.

General Freight Agent Keeley and General Passenger Agent Miller of the big St. Paul system were in the city yesterday.

The committee of Cache county citi-zens will visit Short Line officials to con-fer on the new road to be built in that county.

J. L. Wellington has resigned as night chief dispatcher for the Rio Grande and will be succeeded by C. L. Hamilton, Hamilton's trick will be taken by H. H. Hoover.

Hoover.

J. L. Moore, district freight and passenger agent of the Sait Lake Route, yesterday received the word of his father's death at Birmingham, Ia. The son had visited his home but a week before, owing to his father's illness, and had known that it was but a short time when his father would pass away. The blow, however, was none the less severe, and his railroad friends have offered deep sympathy.

NOT MELONS

But Good Old Grape-Nuts This Time.

Out at Rocky Ford, Colo., where the wonderful melons come from, a man had an experience with food that he will never forget.

"I had been running down for a long time, memory got very bad. I had that dreadful feeling of apprehension that something was going to happen, and could not get rid of it. "I lay many nights almost without

any sleep whatever, had a dull, sick headache most of the time, was ner-yous, and my stomach was in a dreadful condition.

ful condition.

"I had become almost a complete physical wreck. Heart irregular. My complexion was sallow, and I had lost flesh until I was very thin.

"At this period I was induced to change my food and go on Grape-Nuts and cream, and from the first week I found a marked change. I kept on steadily until now I have been using the food for four months. I have gone back to my old weight, my complexion is rosy and indicates perfect health. My memory is better than it has been in years. All the old stomach and heart trouble is gone. I sleep like a baby at night and no one can tell how I appreciate the feeling of perfect health brought to me by Grape-Nuts." Gigantic Combine Controls Drug Trade

It Costs Consumers Forty Million Dollars Annually, in Business of Four Hundred Millions.

CHICAGO, March 3 .- Existence of a gigantic combination controlling the drug trade of the United States and costing the consumers \$40,000,000 annually is held to have been proved by the hearing just concluded before Spe-cial United States Commissioner Marshal E. Sampsell. The amount of business controlled by the combination is placed at \$400,000,000 yearly.

Evidence Conclusive.

The evidence taken before Commissloner Sampsell is said to be so conclu-sive that it probably will be placed in the hands of Attorney-General Moody for prosecution on the part of the Gov-

The fight against the combination is being made by a large retail druggist in Philadelphia who is suing for \$100,000 damages under the Sherman anti-trust law. The action was begun in the Fed-eral courts of Philadelphia, and the

Who Chief Witness Is.

The chief witness was Thomas V Wooten, secretary of the National Association of Retail Druggists, the exami-nation being conducted by Attorney W. Wilson Carille of Philadelphia. Attorney Carlile has left for Indianapolis, where he will examine officials of the National Wholesale Druggists' association. Later he will go to New York to examine members of the Proprietary Association of America in the same
